

An invitation was issued to President McAleese to come and meet all in the Centre. In September 2002 she managed to fit us into her schedule to the delight of all the elderly. Marian, the supervisor, is seen here welcoming the President and her husband.

*Joe Connors
Rathoe.*

Joe is blind and has been coming to the Centre for a number of years. He goes on our annual holiday.

We have two mini-buses for collecting people and bringing them to and from the Centre. These buses also deliver meals -on -wheels to those who are unable to attend. One vanette collects laundry and delivers the meals-on-wheels in and around the town of Tullow. With the ever increasing demand for meals-on-wheels we had to purchase a second vanette for this purpose. We have a full-time chef and this year we had to employ an assistant to the chef. We also have two care assistants. Marian Doyle is the Nurse/Manager in the Centre.

The Day Care is the heart of the community and a true reflection of a caring people. We cannot, we must not let it die!
